Our Coaching Philosophy

The coaching staff and officials of **Lions Gibraltar FC** understand that children participate in football to have fun. If children don't have fun playing football, they'll soon pack it in.

We should never forget that the game of football is just that - a game. It's not about how many wins and losses are accumulated. And, it is surely not about how many trophies are collected. It's not about how many goals we score or concede. It's all about enjoying the game and, at the same time, learning and developing football and life skills.

Proper football development requires that children play age appropriate activities so they are able to experience, comprehend, and execute the game as it relates to where they are at their own stage of physical and mental development.

It is about playing in different positions so the player learns all the skills necessary to develop in the game.

It's about receiving equal playing time, so the players are all given equal opportunity to learn.

It's about learning the techniques of the game through a variety of fun games where players have as much contact with a ball as possible and learn at their own rates.

Code of conduct for parents/guardians,

- Be your child's best fan and support him/her unconditionally.
- When you take your child home after a match or training session, please be supportive and always focus on the positive aspects of his/her game.
- Develop a responsibility in your child to pack his/her own kit, clean his/her boots and take a drinks bottle (full of water or squash only) to practice and games.
- Respect the facilities at our ground.
- Do not criticise your child's coach to your child or other parents. If you are not happy with the coach you should raise the issue with the coach.
- Encourage your child to speak with the coach. If your child is having difficulties in training or games, or can't attend training etc. encourage him to speak directly to the coaches. This "responsibility taking" is a big part of becoming a mature person. By handling off the field tasks, your child is claiming ownership of all aspects of the game.
- Help your child to focus on the performance and not the result. Remember - winning is not as important as the performance.
- Support all the players in your child's squad. Do not criticise anyone. Remember – children don't mean to make mistakes.
- Do not criticise the opponents, their parents or their officials.
- Never audibly dispute a referee's decision. They will make mistakes occasionally. We all do. If you abuse or shout at the referee you are breaking the rules of the game and risk generating a fine for the club. In extreme circumstances we could even be expelled from the League, or be forced to play all our games without any spectators present.
- Parents/guardians must not coach from the touchline during matches or training. Leave this to the manager/coach or you may cause confusion and erode your child's confidence.
- Parents/guardians must not enter the field of play.

Please remember – the game is for the children. It is not for the glory of the coach, manager or parents.

Code of conduct for coaches and officials

A coach's primary responsibility is to make sure that his/her players have fun, develop as footballers and to instil in them a passion for the game.

The performance of coaches is not measured in wins and losses, but rather in what players learn in terms of technique, sportsmanship, and fair play.

Coaches are charged with the responsibility of controlling their players and parents at all times during a match. Coaches lead and teach by example; our players will be a reflection upon the manager and coach.

Coaches will:

- Use positive reinforcement when dealing with players.
- Never use foul or abusive language and never abuse a player mentally, verbally, or physically.
- Have respect for the authority of the referee, our opponents on match days and the officials of their club.
- Teach your children the rules of the game, fair play, and proper behaviour.
- Develop your child's technique and their decision-making ability.
- Inspect the playing area for hazards and generally make practice sessions and matches as safe as possible for your children. You should be aware, however, that football is a contact sport and your child may be injured. If this happens, we will provide appropriate first aid.

In addition:

- We will not allow a child to take part in a practice session or a match if he is injured.
- We will not leave your child unattended at a practice session or a game.
- We will only allow your child to leave a practice session or a game if a responsible person collects them unless you give permission for your child to leave on their own.
- We will always be enthusiastic (even in the pouring rain!)
- We will try our best to make the game enjoyable for everyone who takes part – players, opponents, parents/guardians and spectators.

The above coaching philosophy, codes of conduct for parents/guardians, players and coaches is to be adhered to at all times and under no circumstances will the Lions Gibraltar FC Club tolerate any individual breaking these codes and bringing the club into disrepute.

We are all involved in this project through our love of the sport. We want to make this new journey with the Lions Gibraltar FC Club as fruitful both for your kids as for the well being of the club and it's progression into becoming the most popular and successful club in the history of Gibraltarian football. However, for that to happen we must all pull in the same direction and strive to be as professional as humanly possible, and be true ambassadors for Gibraltar when abroad and for the Lions Gibraltar FC philosophy when in local competitions.

We must all remember that winning is not everything, however, we must strive to win every single game that we play but in the right manner, as we have always done in this team of young men that we are extremely proud to be a part of.

Please ensure that if your child cannot turn up to training or even the game for any reason, that you inform the manager or coach accordingly with sufficient time (if possible) to be able to call in a replacement.

Being a member of the Lions Gibraltar FC Club also means that you must abide by the club's constitution and bye-laws, copies are available upon request to the Club Secretary.
